

"WORDS OF OLYMPIANS"

Share your experience

Organised by The Olympic Museum, "Words of Olympians" is a project comprising a unique collection of video interviews with Olympic athletes past and present, irrespective of their competition results.

By taking part in this extensive project, you will have the chance to speak about the various challenges you have faced in your life as an athlete: your early days in sport, your career, your life outside sport, and the contribution you wish to make to the heritage of the Olympic Games as an elite athlete.

Your interview for the "Words of Olympians" project will make an invaluable contribution to the telling of the Olympic story. It will become part of the IOC's heritage collections and, with your agreement, will also be shared via a range of media at exhibitions and events, and as part of educational projects.

Nearly 500 athletes of all ages and backgrounds have already shared their unique experiences as part of the "Words of Olympians" project.

Why not join them in the Olympic heritage pantheon?

Interviews take place during the Games. Do not hesitate to contact us:
